BELGIUM TO GET GOOD SLICE OF WAR INDEMNITY

Having Received No New Territory She Seeks Part of War Fine.

FRANCE AND ENGLAND GET BULK OF LARGE SUM

Comprehensive Plan Will Partly Pay For Hun Ruthlessness.

(ASSOCIATED PRESS TELEGRAM) Paris, April 15.—The commission on reparations settlements still has problems to overcome before it can settle the question of distribution of the indemnity to be paid by Germany. Smaller powers which suffered under German invasion and devastation are still to be heard relative to their shares of the reparation fund, particularly Belgium, the claims of which are entitled to first consideration, under various preconditions.

The tentative scheme of distribution which Great Britain and France have advanced apportions between eighty and ninety per cent, probably eighty-five, of the total sum realized to these big powers, leaving fifteen per cent to satisfy the demands of Belgium, Italy, Serbia, Rumania and others. This is a smaller proportion than the secondary powers expected and they are almost sure to be dissatisfied with it. It has been suggested among the experts on the reparations commission that Rumania, Serbia and other nations have received reparations through the acquisition of territory but this reasoning will scarcely appeal to Belgium.

A share of the reparation fund will, according to the present understanding, be assigned to Russia for damage to invaded Russian territory, but probably will be turned over to Great Britain and France to apply on advances made to the old Russian government during the war.

Although the contributions payable by Germany are characterized as reparations, a very considerable part of the first \$5,000,000,000 will not be available for reparation purposes since it has been assigned to the payment of the expenses of the armies of occupation and such food supplies as must be furnished.

Since the occupation of the left bank of the Rhine will continue during the entire two years covered by this first payment the expenses, particularly of the French occupation army, will run deeply into the \$5,000,000,000. No announcement has yet been made regarding the precise definition of the various "categories" of reparations. In other words, there is no definition of the classes of damages for which Germany is required to pay. It can be stated, however, that the five categories adopted comprise reparation for actual damage to life and property; pensions for cripples and the families of slain soldiers; compensation for enforced labor exacted of inhabitants of occupied regions, including work done by illegally expropriated labor by prisoners of war and payment for German requisitions in occupied territory.

Although members of the commission regard the reparation question as settled in the main, there are various details to be worked out, including a scheme for German contributions of labor, raw materials and manufactured articles for the restoration of devastated districts.

Another financial question requiring settlements between the allies is that of repayment of advances made by Great Britain and America to the associated powers. The commission has been appointed to consider this question but the British and American representatives have thus far not participated in its deliberations. This has been apparently in anticipation of discussions which might deal more with the negative aspect of delaying or mitigating payments than actual consideration of repayments.

ENVOYS' CREDENTIALS REVEAL NEW PROBLEM

(ASSOCIATED PRESS TELEGRAM) Paris, Monday, April 14.—The credentials committee of the peace conference has found a tangled problem in determining the status of M. Trumbitch and other Jugo-Slav delegates. They represent Serbia, Croatia, and Slavonia, but Jugo-Slavia has not been recognized by most of the allies. In consequence the credentials from the new government are somewhat uncertain and the Italians are unwilling to approve of them.

RUSS SITUATION IS O. K. OFFICER FINDS

(ASSOCIATED PRESS TELEGRAM) Washington, April 15.—Brigadier General W. P. Richardson, the new commander of the American forces in northern Russia, has reported the military situation satisfactory in his first official dispatch since landing on the Murmansk coast.

The message sent to General Pershing and relayed by him to the war department, was dated April 13, or about two weeks after the military conduct of Company I, 334th Infantry, which refused to go to the front from Archangel.

BURLESON CONDEMSN STRIKE

(ASSOCIATED PRESS TELEGRAM) Washington, April 15.—Holding the New England Telephone strike without justification, the postoffice department today instructed the manager of the company at Boston to replace the strikers or take any other steps to maintain service unimpaired.

WILL FORCE LAW MAKING TEACHERS DECLARE LOYALTY

Cox Says He Will Initiate Law If Bill Is Not Passed.

WILL FIGHT REPRESENTATIVES WHO OPPOSE SUCH ACT

Demands Same Oath of Teacher That Officials Must Take.

(ASSOCIATED PRESS TELEGRAM) Columbus, April 15.—Governor James M. Cox, in a statement issued today, declared that unless the house of representatives enacts a law requiring school teachers to take an oath of allegiance he would head a movement to initiate a bill to be presented to the next legislature providing for such a law and that he would go into the county of every member of the assembly who opposes the bill and ask for his defeat, regardless of whether he is a Republican or a Democrat.

The statement was prompted by the defeat in the house yesterday of the bill requiring teachers to take the oath of allegiance. The bill passed the senate by unanimous vote. The governor asked that the house reconsider its action and pass the bill.

"The statement was prompted by the defeat in the house yesterday of the bill requiring teachers to take the oath of allegiance. The bill passed the senate by unanimous vote. The governor asked that the house reconsider its action and pass the bill.

"The house of representatives has defeated the proposal passed in the senate that all teachers in the schools take the oath of allegiance. The constitution of the United States imposes its upon the president and the members of the senate and house—the state charter does the same upon the governor and the members of the general assembly; soldiers of the republic take the oath. Within the last year or two when local boards of education investigated charges of disloyalty among the teachers of Germany, the teachers refused to take the oath. The whole thing therefore resolves itself into a question of whether ideals and customs are to be waived in this state in order to cater to certain disloyal elements. A vast number of our teachers desire the opportunity which the measure would give.

"Unless the house adopts the provision compelling the oath of allegiance, I shall head the movement to initiate a bill which will be presented to the next assembly. Furthermore, I shall go into the county of every member of the legislature who opposes the bill and ask for his defeat, regardless of whether he is a Republican or a Democrat. For a governor to do less under the circumstances, would be plain neglect of duty."

GOOD WORK BY Y. M. C. A. IN YEAR

Report Shows Activity of Local Institution During War—Teams Seeking Funds For Work Here.

The drive to secure funds to finance the activities of the local Y. M. C. A. was started last night, when about fifty workers assembled to dinner at the First Baptist church. Secretary Lender stated this morning that the institution was \$7,500 but that an effort would be made to secure more funds.

The campaign is planned as a whirlwind and the workers wish to complete the solicitation today, but it is thought it will probably run over to tomorrow. There are six teams working, managed by K. I. Dickerson.

The supper of last night, Dickerson announced last evening, amounted to \$847. C. Harrington Davis, who has taken part in most of the big campaigns made a short talk on the Y. C. A. activities during the past year and outlined its objectives for the 12 months. His report last year showed an attendance of 640 at 32 sessions of Bible classes; a total attendance of 4360 at 263 gymnasium classes; 420 attending 10 meetings; 200 boys joining on hikes; the holding of three juvenile parties and two bicycle races, all open to youths of the city; 8 delinquent boys put up in the building at the request of the juvenile court; an interesting home. The maintenance of a "H. Y." club for high school boys and a nature club for younger boys; the recorded number of baths for four months last year was kept at 10,000 and for the same period the swim numbered 2250.

The association for the coming year to bring its work home to the entire population to the end that the association may serve the individual in whatever way he most needs service.

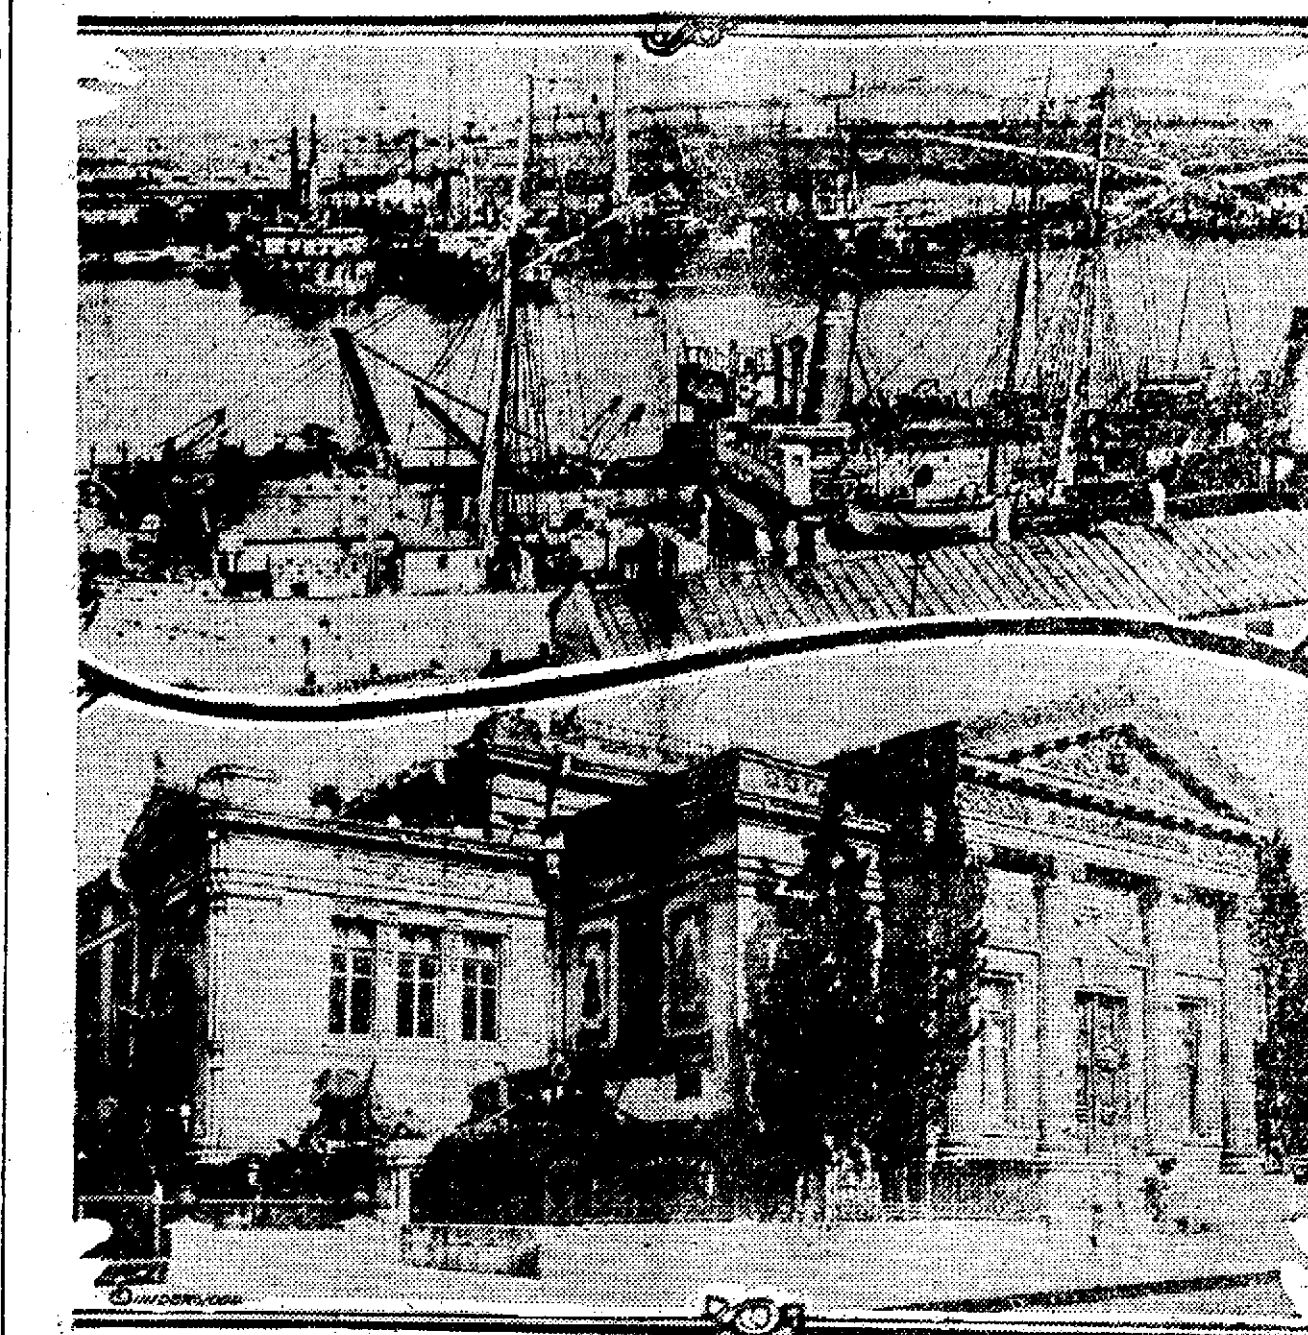

John Pontius, general secretary of Columbus, was not present but Rev. Don Tullis, former pastor of the Second Presbyterian church, gave an interesting talk. Rev. Mr. Tullis is now with the central district of the Y. M. C. A. war council with headquarters in Chicago.

He spoke in refutation of the recent criticism of the Y. M. C. A.'s activities in war work, and brought forth a resume of the efficiency of the organization, showing the scope and good accomplished.

The women of the Baptist church served an attractive dinner with a delicious menu.

A meeting will be held tonight at the Baptist church to hear reports of the campaign workers.

"RED" OFFENSIVE MENACES ALLIES IN SEBASTOPOL

The harbor of Sebastopol with Russian warships stationed in the harbor; below, the Sebastopol Museum of History, which is in danger of being destroyed by the Reds.

According to the latest dispatches, the advance of the Bolsheviks is likely to force the allies to evacuate Sebastopol, which is on the Black sea, near the southern

extremity of the Crimea. Our photographs show the harbor of the city with Russian warships stationed there and the Sebastopol Museum of History. The museum,

which is a beautiful structure, has by this time probably been destroyed by the revolutionary factions which have gripped the city and are pillaging it.

SENATE MAY VOTE ON CRABBE BILL

New Dry Enforcement Act Expected to Come Up For Action During The Day.

(ASSOCIATED PRESS TELEGRAM) Columbus, April 15.—After weeks of delay, the Crabbe prohibition enforcement bill, which has already passed the house, was expected to come to a vote in the senate today.

While the passage of the bill was conceded, enactment of the emergency clause which would make the bill effective at once and prevent a referendum being held was said to be doubtful. Twenty-two votes are required to enact the emergency clause in the senate. With one dry member—Senator Ritter of Miami—absent on account of illness, "wets" declared there was no chance of passing the bill as an emergency.

With the Crabbe bill disposed of, the senate was expected to then take up the Miller bill providing for the appointment of a prohibition commission by the attorney general. Senator Latham is expected to introduce a substitute bill for this proposal. Instead of creating new prohibition enforcement machinery, Latham would continue the present machinery of the liquor license commission to enforcing prohibition.

Senator Wright of Cleveland, was prepared to oppose the passage of the prohibition enforcement bill, while Senator Miller of Muskingum county, will lead the fight for the passage of the bill. The house will take up today the Freeman bill providing for penalties for spreading the doctrines of Bolshevism and syndicalism in Ohio.

The house yesterday defeated the Ake bill to require school teachers to take an oath of allegiance to their country before being granted a certificate to teach. The bill received only 51 votes. The Fouts highway bill was expected to be recommended for passage in the senate today.

BAPTISTS SEND 18 TO MISSION CONFERENCE

The board of missions of the First Central district of the Baptist church, will hold an important three days' conference in Columbus, Wednesday, Thursday and Friday of this present week. Dean Smiler Mathews, Dr. C. A. Brooks, with a number of missionaries and secretaries will speak during the sessions.

The First Baptist church has appointed the following as delegates to attend the sessions: S. A. Morris, J. R. Hayes, Mr. and Mrs. E. C. Norris, Mr. and Mrs. E. T. Hunt, Mr. and Mrs. Samuel Sachs, Mrs. Willis Patton, Mrs. Frank Scott, Miss Clara Davies, Miss Ida Davis, Mrs. Harry Cross, Rev. and Mrs. A. J. Stull, Miss Julia Boner, Mrs. A. J. Baldwin, and Mrs. H. A. Abertson. Rev. C. H. Stull is moderator of the Columbus association, and he will have a workers' conference at 4 o'clock Friday. The sessions will be held in the Broad Street Presbyterian church instead of the First Baptist.

WOULD ELECT NEW MINORITY LEADER FOR NEW CONGRESS

Representative William A. Ayers, only Democrat elected to the Sixty-sixth congress from Kansas, has joined those who are dissatisfied with the selection of Champ Clark for the minority leadership in the house. He wants a representative steering committee to elect a leader and he says if present conditions continue in the party "there won't be much for a person to remain a Democrat."

CALLS MEETING OF CHAIRMEN

Plans For Celebration of Return of Soldiers Will Be Discussed Thursday Evening.

Mayor H. A. Abertson has issued a call for the chairmen of the various committees to convene for the homecoming welcome to the returning boys of Licking county to meet at his office, Thursday evening at 8 o'clock to discuss the plans for the celebration of the return of the boys of Licking county to their homes.

No definite arrangements have been made regarding the program, but it is the desire of the committee to have every returned soldier in Licking county participate. The program possibly will include a parade, a musical performance by all the bands in the county. There will be a big dinner for the soldiers and sailors and the committee at the Thursday night meeting will arrange the balance of the program which will provide entertainment and only for the returned soldiers, but for all men, women and children in the county.

Time is expected that the prediction is made that after a thorough advertising campaign the people will participate. Chairmen of the various committees are W. H. Brown, James Criswell, Prof. O. L. Barnes, T. J. Apple, Prof. H. T. Moninger and A. Schiff.

KEEP CHEERFUL TO HAVE LONG LIFE

Woman 94 Years Old Keeps Busy and Cheerful and Doesn't Worry About Flight of Time.

Mrs. Nancy Jane Schmidt quietly celebrated her 94th birthday anniversary at the home of her niece, Mrs. J. M. Spittel, 334 West Church street, Monday. Mrs. Schmidt was born April 14, 1825, in Huntington township, Barrie county, Pennsylvania, and came to Newark at the age of 12 years by wagon train, there being no railroad at that time. She is the daughter of Mr. and Mrs. Wm. McCrum, being one of a family of 14 children. Mrs. David Jones of Granville street, is the only surviving sister.

"Aunt Jenny," as she is called by all, in spite of her very advanced age, is vigorous in mind and body. She not only discusses current topics intelligently, but talks entertainingly of her childhood, and can relate many interesting tales of pioneer Texas part of her earlier years being spent in that state.

"Aunt Jenny" is a lover of all flowers, and during the summer months takes keen pleasure in caring for them.

When shut-in days come her hands are not idle, beside helping with the lighter household tasks she has in less than two years pieced 40 quilts, eight covers, embroidered numerous pillow-tops, and sewed rugs for many rugs.

For one of her years her work is wonderfully neat and finished.

That she is held in high esteem is evidenced by the many congratulatory messages, the beautiful flowers, the many gifts coming from far and near friends, not least among her gifts is a huge cake adorned with pink candles.

Reason for "Aunt Jenny's" many birthdays is not hard to find. She has cultivated a serene cheerfulness that is a reproach to the nervous restlessness of woman in these rushing mighty days.

ROTES WILL HELP TO PUT OVER BIG LOAN

Every assistance possible was promised to the committee in charge of the Victory loan by members of the Rotary club who were addressed Tuesday noon by E. C. Wright, chairman of the war work committee.

At this meeting the vote for directors of the club for the coming year resulted in the election of J. J. Barnes, J. M. Mitchell, E. C. Carl, E. L. Barnes and C. H. Spencer.

The club voted to invite Rev. Lewis D. Franklin to be its guest at the evening meeting, April 23, and to introduce a 40 resolution of J. J. Barnes, J. M. Mitchell, E. C. Carl, E. L. Barnes and C. H. Spencer.

The membership of the club also endorsed the work and purposes of the Victory loan by members of the Rotary club, arrived in Paris this morning from first. The other members of the party who sailed from America with the secretary and the ambassador reached here with them.

NEW LOAN WILL APPEAL TO MAN AS INVESTMENT

Loan Workers Enter Work With New Zest To Exceed Quota.

RETURNED SOLDIERS WILL SPEAK AT COUNTY MEETINGS

Schedule Arranged For Fifteen Meetings This Week.

Licking county's official quota in the fifth loan is \$1,483,750. It was announced by the fourth federal reserve district officials in Cleveland Tuesday.

The liberal terms of the fifth Liberty loan announced in Washington, Sunday, together with the reduction in the amount which Newark and Licking county will be asked to subscribe, has justified the county committee and workers with new enthusiasm for the task which is before them.

In the last loan, the total county quota was \$1,909,300. Of this amount Newark was asked to subscribe \$1,230,450, and the county \$678,850. As the total amount of the fifth loan is approximately 25 per cent less than the fourth loan, Newark and Licking county will be asked to subscribe on the same basis, figuring on the same basis, the city will be asked to subscribe approximately \$922,500, and the county \$561,250.

A Newark banker discussing the terms of the loan, declared yesterday that it should be very attractive to investors as it amounts to a yield of about 6 per cent, because of the tax extension feature. He predicted that the bonds would not fall below par at any time.

Loan workers see in the liberal terms the early maturity date, easy sales as arguments and new zest was added to the feeling among the workers that no trouble would be found to place Newark's quota promptly.

Pledges of support from labor organizations and from the city employees also was encouraging. With these important organizations behind the work of the loan committee the big task will be lighter.

Educational meetings have been planned for next week to precede the opening of the campaign on Easter Monday. Already 15 meetings through the county have been arranged. At each meeting returned soldiers will speak for the loan.

In a statement issued this morning the loan committee called attention to the desirability of the new loan as an investment. The statement says: "The terms of the new loan came as a distinct surprise. No one expected so liberal a combination. The rate, 4 1/2 per cent, the shortness of maturity period, four years, the exemption from taxation, and the exchange privileges, make it by far the most attractive of our Liberty loans. The total amount, too, is 25 per cent less than had been confidently anticipated."

"It is also announced that this is to be the last loan offered for public subscription. For all these reasons, it seems probable that the loan will be eagerly subscribed."

"Anticipating heavy needs for bank funds to take care of industrial and reconstruction development, the government especially desires to have the new loan widely distributed among all classes of investors excepting banks."

"Unquestionably but for this fact the extremely attractive features of this new loan would have resulted in its complete absorption by the banking interests, had the government's order for wide distribution not gone forth."

"On every hand this is pronounced the best and most favorable security ever offered by the government. Its quick oversubscription is therefore assured and all who wish to participate should not delay but get into the bandwagon at the first opportunity."

The following Victory loan meetings are scheduled for this week:

Tuesday—8 P. M.
 Franklin township house—Major Chas. W. Montgomery, "Piper" Harry Mathews.

Wednesday—8 P. M.

PRESIDENT WILL LEAVE FRANCE IN TWO WEEKS

(ASSOCIATED PRESS TELEGRAM) Paris, April 15.—(Havas).—President Wilson intends to sail for the United States April 27 or 28 after being present at the opening meeting of the peace congress at Versailles. The Echo de Paris says today. After his departure Colonel E. M. House will act for him, the newspaper adds.

CALL FOE ENVOYS APRIL 25TH FOR TERMS OF TREATY

Prospects For Early Peace Grow Brighter, Press Reports Say.

ADRIATIC QUESTION WILL BE DISPOSED OF NEXT

Calling of Enemy Delegates Will Hurry Work On Other Problems.

(ASSOCIATED PRESS TELEGRAM) Prospects of peace have suddenly become brighter as the result of agreements reached by the council of four at Paris, announcements of which seem to indicate that within a short time the war-worn world will begin to return to something like normal international conditions.

On April 25—which will be 165 days after the last gun of the great war was fired—allied German delegates will gather at Versailles, the historic place where treaties which have remodelled empires and signalled the rise of new nations have been framed.

A statement given out by President Wilson at Paris last night indicated that the treaty with Germany would be completed in a very short time and that in the meanwhile the problems involved in the settlement of the conflicting claims of Italy and Jugo-Slavia to territory on the eastern shore of the Adriatic would be given preferential consideration.

It is probable that the allies of Germany will be called to Versailles almost immediately after the German delegates have received the allied terms and have passed upon them.

Germany, by the terms of the treaty, will be called upon to pay 100,000,000,000 gold marks, which at the pre-war rate of exchange would be equivalent to \$23,850,000,000. Of this immense sum there must be paid within two years an amount equal to \$4,764,000,000, and during the next 30 years that sum must be turned over to the allies. A commission will determine the amount and how the remaining \$24,236,000,000 of the reparations fund must be paid.

There seems to be an agreement on the vexing problem of the Franco-German frontier. It is said that the Germans will be compelled to withdraw all troops from in zone 25 miles wide on the right bank of the Rhine while the allies will hold the left bank of that river until the first installment of the indemnity is paid.

While the work of fixing the amount of money to be paid by Germany to the allied and associated powers has been completed there remains a further task of apportioning the indemnity funds among the allied nations.

MEMORIAL TO BE DISCUSSED

Dinner Will Be Held at Masonic Temple Friday Evening to Sound Sentiment Here.

Newark is to have a suitable memorial dedicated to the men who fought in the great war, which is just drawing to a close.

The matter of what form it shall take has been discussed through various organizations, business and fraternal and in an effort to secure a consensus of opinion, a dinner will be held on Friday evening, at 6:30 o'clock in the Masonic Temple.

Any one interested in the proposed memorial is invited to attend the dinner and if they cannot be present at the dinner hour they are asked to come in later. The dinner will be a "dutch treat" each paying for his own. The committee in charge is C. H. Davis, E. C. Wright, George Hamilton, Mrs. Homer Davis, W. C. Hall, Mrs. Walter Fairbridge, Clay VanVoorhis, Mrs. Charles Allen and W. V. Gard.

MAY ALLOW GERMANS TO HAVE MATERIALS

(ASSOCIATED PRESS TELEGRAM) Paris, April 15.—The council of four of the peace conference went into session again this morning with the question of the Adriatic again before it for consideration.

Lord J. Balfour, British secretary for foreign affairs, took the place at the council session of Premier Lloyd George, who went to London yesterday.

The supreme economic council is considering the question of permitting Germany to have certain raw materials before the peace treaty becomes effective with a revision of the blockade regulations to that extent and it is understood that prospects are good for favorable action.

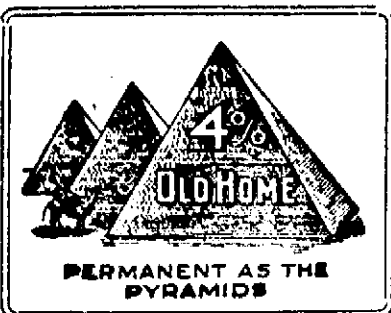

The economic council members are also considering a plan for the construction of Italy's coal supply.

Belgium has been asked to name a delegate to sit on the economic council.

"KICKS IN" WITH \$10 FOR ADAMS FAMILY

The Adams fund is growing slowly and at noon today totaled \$234. Manager Geo. M. Fenberg of the Auditorium theatre, who is raising the fund today received the following letter:

"My Dear Colonel Fenberg—I am 'kicking in' the enclosed check for your latest benevolence, the Adams family. Keep up the good work and you will surely receive your reward some day. No names, just cash. Yours truly, Just Cash."

An Advocate representative inspected the letter today and pronounced it the handwriting of a well-known attorney with offices in the Times building. Such letters are welcome and are usually received. It is hoped that the fund will grow to \$500 as soon as possible and will not go far with a mother and her fatherless children to take care of.

GETS 15-YEAR TERM ON BIGAMY CHARGE

Hiram D. Jacobs, aged 54, who was arrested in this city several weeks ago by local police officials and held for the sheriff of Cadillac, Mich., to which place he was taken shortly after his arrest, was sentenced in circuit court at that place to from two to 15 years in the penitentiary, after Jacobs had pleaded guilty to a perjury charge in the securing of a marriage license. He went to Cadillac March 1, and obtained a license to wed a widow teacher of Akron, O. It is alleged that he had a wife in Benzie county, Michigan, where he married the Akron girl. Bigamy was not charged in the case against him. Jacobs formerly worked in this city and was a painter by trade.

THOUGHTS OF COOTIE MAKE ORR SCRATCH

Toboso Boy Recovers From Wound To Suffer Attack of Flu—But Cooties Are Worst of All.

Private Carl A. Orr, Company F, 141st Infantry, N. G. A. P. O., has been transferred to the 36th division. After two months training at signal school is now a telephone operator. Following are parts of two letters written March 5. The first is to his parents, Mr. and Mrs. H. S. Orr of Toboso. In the second, written to his aunt, Mrs. Ray Gutridge, he says that it makes him scratch just to think of cooties that he hasn't a single one on him, as he thinks they are all married and have large families.

Orr was wounded on the Verdun front on October 4, and just as he was recovering at base hospital, No. 17, he was stricken with the influenza and was there three more weeks.

"I am all right and hope this will find you the same. I went to the hospital with a wound in the right hand. I

PRIVATE CARL A. ORR.

was hit with one of them big shells and about the time my hand got well I got the flu, and was there about three weeks with it. Then I got transferred to the 35th division. I went to signal school for about two months and now I am at battalion P. C. as telephone operator. It looks as if we will be over here for some time yet, at least two or three months.

Your letter was rather old when I got it, but it did me good to hear from you. It was dated September 14—it is now March 5. Quite a long time. Well,

as I have not much to say I am taking it all out in thinking.

Private Carl A. Orr,

Second letter:
"I will try and answer your letter. Tell 'Red' that I got so many Germans that I could not count them. I am getting along fine, considering everything. We have had a lot of rainy weather over here. It rains about every 15 minutes, so you can imagine how it is. They say that everybody is moving to town. Don't all of you move to town, for I want some place to go where I can get out behind the barn and holler. Po. I will be so happy that I will have to do something. There is plenty of grape wine, but I don't think very much of it. Tell Ray I will be home to help him fill his silo. There is plenty of pretty girls over here, but I can't talk to them. I can't understand their talk. You ask me about cooties? It makes me scratch to think about them! I have not got a single one on me—they are all married and got large families, and quite a few grandchildren. I was wounded on the Verdun front on October 4, and went to base hospital 17, and about the time I got all right I got the flu and was there until November 14, then I was transferred to the 36th division.

URGES FARM WORK A RELIEF FOR UNEMPLOYED SITUATION IN U. S.

Everybody must work. Humans are no different in this respect than the busy bee, and the quicker we realize this fundamental, the sooner will come that actual peace for which the world has been fighting.

The drone in the bee hive is not tolerated, but is thrown out and stung when he begins to live on the results of the labor of others.

A place to work and something to do must be provided for those worthy. There are big things to do in America. Everybody should get his bearings and settle down to peace time pursuits. The war is over.

Before the war, America exported approximately seven million tons of foodstuffs, products of the farm. We must now produce and export a surplus estimated at twenty-two million tons.

No person, who knows anything about farming, should seek employment in the cities. The latter are overcrowded with people to whom a dime looks as big as a silver dollar and opportunity and necessity for spending money is greater than the wages received by the average worker.

The farmer is independent of the "hall bedroom" of the close, ill-smelling apartment, having the great outdoors to work and live in. At the end of the season, the returns for his labor have been saved, whereas the city man more often has nothing to show. The farmer is privileged to enjoy everything the city man has and then some.

Many applicants to the United States employment service have come from men who have experienced city life and after years of toil and sacrifice have found themselves with as little of the world's goods as when born.

There are great big opportunities on the American farm which need only development. There are hundreds of wealthy farmers independent and able to retire at the age of 50; they are the envy of every city man.

Farm employment is the surest all-year-round job anyone can have and the best pay in the long run. United States employment service can put you in touch with these farm opportunities. No fee is charged either applicant or prospective employer for the service.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, neuritis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size \$2.50.

AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your blood and enjoy the good things of life with as much pep as you did when in the springtime of youth. Keep your body in good condition, that's the secret.

Watch the kidneys. They filter and purify the blood, all of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisons out and deadly uric acid accumulations from your system. Take GOLD MEDAL Hydramin Oil Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. GOLD MEDAL Hydramin Oil Capsules are imported direct from the laboratories at Haverhill, Holland.

They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped them to develop into one of the strongest and healthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.

SOLDIER MAY LIVE DOCTOR ASSERTS

George Fessler, III at Camp Sherman Has Chance, Army Doctor Tells His Relatives.

The members of the Fessler family who were called to Camp Sherman by the critical illness of George Fessler of Battery C, 154th P. A., returned home last night. His condition was slightly improved and the physicians in attendance stated that if nothing else developed he had a chance to recover. He was taken ill with pneumonia Friday night after parading in Columbus Friday with his organization.

BAG PIPER ENTERTAINS KIWANIS CLUB MEN

Hoof, man! Gang awa wi' ye! Did ye no hear the pipes high noon Monday? Kiwanians were taken up in spirit and set down on the battlefields of France by the martial strains of the Scottish bagpipes played by Harry Matthews, lately of the Canadian expedition, at their meeting Monday. Before the performance, Harry described some of his experiences fighting the boche, he was a doughboy before he got into the piper band. Mrs. Guy Jones, formerly of Newark, who has been working for the U. S. C. A. in the war-work of this organization, describes some of his work as she had seen it. Mrs. Jones' first place was in Jacksonville, Tenn., a munition plant with a weekly payroll of a million and a half; she was stationed there when the influenza epidemic broke out. The hut in which Mrs. Jones was working was turned into a hospital forthwith, and she held forth as nurse and doctor until "regular" help arrived. From this camp Mrs. Jones went to Camp Taylor and then to Camp Eustace. Mrs. Jones says she saw large waste going on in many places, but she has nothing but profound respect for a government which could accomplish the colossal work in prosecuting this war. She stated that welfare organizations like the Y. M. C. A., Jewish Relief, and others should be congratulated, together with the government, if they were 50 per cent efficient. A very little business went forward in the club, the time passing pleasantly listening to the talks and music.

SALOONIST THREATENS FORMER NEWARK COP

State Liquor License Inspector Charles O. Burke, formerly of this city, had a gun thrust in his face by Tom O'Rourke, well known saloon keeper in South Front street, Columbus, when Burke notified him that he would have to close his place of business for ten days in accordance with a ruling of the state board.

O'Rourke lacked Burke out of the saloon with a gun threatening to kill him if it is alleged and then followed the inspector to the city prison where he was arrested and held for several hours until released on bond. Charges have been preferred against him for pointing firearms and making menacing threats and he has also forfeited his rights to operate his place for ten days.

MAN AND WIFE RECOMMEND STOMACH REMEDY

STATEMENT OF MR. & MRS. SILCOIT GIVES HOPE OF SPEEDY RELIEF FROM HEARTBURN, GAS, ETC.

Physicians have long been "stumped" by stomach troubles, many times confusing them with diseases of the Heart, Liver and Kidneys, because so many of the symptoms are similar.

Dr. Parker knew this. Himself a sufferer from bad breath, belching, bloating, acid stomach, nausea, sleeplessness, and the thousand-and-one minor ills that result from indigestion and constipation—he determined to find a remedy.

He spent thirty-five years in perfecting a treatment that will bring lasting relief.

How well he succeeded is vouched for by thousands who now declare themselves free from these troubles.

The following statement by Mr. and Mrs. T. M. Silcott, of 1702 Beaver St., Parkersburg, W. Va., is a fair example of what this treatment will do for you:

"We recommend Dr. Parker's Treatment for Indigestion and Constipation, feeling it will do all it is recommended to do. For years we suffered a great deal with Heartburn and Gas in Stomach. A year ago a friend recommended Dr. Parker's Treatment, which the result that we no longer suffer these inconveniences."

Dr. Parker's Treatment is now sold by all druggists here. It costs a dollar.

Try it, for any form of indigestion. If it does not help you, your money will be returned.

GRANVILLE

(Special to the Advocate.)

Granville, April 15.—The Russian program of the Travelers' club was well featured on Monday afternoon by a paper on "Folk Lore," presented by Mrs. A. B. Conklin, and a comprehensive review of the career of Marie Bashkirtcheff, as gleaned from her diary and given by Miss Virginia Thorne as a substitute for the "Arts and Crafts" scheduled in the year book. "Literary in the United States" furnished the topic of a brisk round table discussion led by Mrs. W. E. Clemons, in which statistics compiled from the last century formed the basis of conclusions. At that time 5,000,000 of the United States 100,000,000 could neither read nor write. Three more meetings will finish the year's work as indicated by the program committee, the closing date being May 2, when Miss Mary E. Henderson will deliver a lecture before members and guests. Miss Henderson has many interesting facts to relate of Russia from first hand knowledge.

Miss Annabel Bradstreet physical director for the Red Cross hospital at Camp Grant, Rockford, Ill., was the guest of Mrs. R. S. Colwell from Saturday to Monday night, having stopped enroute from her home in Cincinnati back to camp. Miss Bradstreet, two years ago, resigned her position as physical director in Sheppardson college to do war work. She gave over her official duties last fall and qualified as nurse during the epidemic of influenza in Camp Grant. She was ready to sail for France with the Red Cross unit, when the signing of the armistice halted preparations.

Miss Helen Ray, who has finished her first year's training in St. Luke's hospital, Chicago, and was given one day off duty on being shifted from night to day service, chose to spend that one day, Sunday, at the home of her parents, Mr. and Mrs. Frank Ray, on the Newark road. Miss Ray entered the hospital fresh from college life.

The Granville Mothers' club enjoyed a most interesting and profitable program Monday evening in the Baptist church, when Prof. A. B. Conklin, superintendent of schools in Granville township addressed the audience of mothers on "Co-operation of Teachers and Mothers," pointing out the advantages to the child in such association. Special music was furnished by Mrs. J. W. Rohrer, soprano, who sang

"Mother, Dear," to the piano accompaniment of Mrs. Conklin.

Delightful in all its appointments was the luncheon given Monday afternoon by Mrs. J. D. Thompson, honoring her house guest, Mrs. Frederick Holden of New York City, (formerly Miss Maude Thompson), who with her little son, plans to leave for her home on Friday. The color scheme of yellow and white was exquisitely carried out in the table decorations from the graceful centerpiece of delicately tinted daffodils to favors and vases. Covers were laid for Mrs. Thompson, Mrs. Holden, Mrs. R. S. Edwards, Des Moines, Iowa; Miss Clara Wright, Minneapolis, Minn.; Mrs. Albert Guckert, Mrs. Fred McCollum, Mrs. John Owen, Mrs. Theodore Johnson, Mrs. E. H. Hammond, Miss Lillie Guckert.

Dr. J. D. Thompson left this morning for a business trip to Columbus and will return this evening.

Miss Mary Monroe had as week-end guests her nephew, Captain Herbert Monroe, her sister, Mrs. Irene Monroe of Columbus, and Lieutenant Candan of Cleveland. The two officers have but recently returned from army service overseas.

The King's Daughters held an interesting meeting in their rooms Monday evening, devoted to business conducted by the president, Miss Lillie Jones, and to work for the Red Cross, lightened by the serving of refreshments by Mrs. Joe Rhodes, Misses Sarah and Clara Evans, Misses Jennie and Elizabeth Falerer.

W. H. Cathcart, alumnus and trustee of Deussen university, arrived last night in Granville as the guest of his Phi Gam brother, Prof. C. D. Coons. He will attend the meetings of the board this afternoon and evening, and the dinner at 6 o'clock in Sheppardson commons.

Miss Fern Ashbrook is hostess this afternoon to the Sigma Delta Phi sorority girls, who are giving a shower for Mrs. Charles Metcalf, a war-time bride. When Lieutenant Metcalf entered army service two years ago, Mrs. Metcalf entered nurses' training in the Vassar summer camp, going from there to Cincinnati City hospital.

The new management of the Granville Opera House, Messrs. Austin & Graves, begin their partnership with a famous double bill—on Wednesday evening, Charlie Chaplin in his world famous "Shoulder Arms," and the Lee Kids in an amazing and diverting comedy-drama, entitled "Tell It to the Marines." The Paramount and Fox bookings are of the latest releases, and "extras" will be shown with every feature.

NURSE TELLS WIFE OF SOLDIER'S ILLNESS

Mrs. James R. Armentrout has received a letter telling that her husband is recovering from a two weeks' illness of influenza and pneumonia.

The letter was written on March 29, from Croce Rossa Americana, in Italia, Ospedale, Firenze, via Andrea Costa, Milano, by Private Armentrout's nurse, Miss Mary Creelman. She states that he had been ill for two weeks and had endeavored to write but was too weak that he was recovering rapidly and would probably be discharged in a few days. "Then he is going to Genoa to recuperate, and I am sure he will be sent home from there," Don't worry because he is about well."

BUNCH OF DRUNKS WAS SHORT OF CASH

Seven men charged with intoxication appeared before Mayor Atherton this morning and each was fined \$5 and the costs. "Duce" Kelley headed the delegation, having dropped in on Officer Johnny Abbott the last night while in a wobbly condition and asked for a "hop." He was accommodated. Of the other six men in police court one had 5 cents on his person, one 6, one 25, one nothing, and a fellow marked as a barber by profession was the Croesus of the bunch, having 80 cents to his credit. An Austrian had concealed \$7.22 on his person and was able to pay his assessment. The others will remain for awhile as guests of Jailor Johnny Abbott.

THREE SONS IN SERVICE TWO HAVE BEEN DISCHARGED

A reunion of members of the family, who have been in the service of the United States, is being held at the home of Frank Verheyen, North Tenth street. Carl Verheyen, of the 27th division, who has been discharged, has returned to his home, and William Verheyen, who was recently discharged from the navy, has also returned home. Fred Verheyen, who has been in the regular army for 23 months, is home now at 30-day furlough. He has been stationed at Douglas, Ariz., and Fort Houston, Tex., in the medical department.

ORIENTAL JEWELRY IS SEASON'S FAD

No costume is complete this year without some bit of bright colored jewelry which hints of the orient. A beautiful touch is added to a frock by the exquisite amethyst and green gold stones on a gorgeous silken cord pictured above. Below is a pair of quite sophisticated earrings with three pendants of pearls set in green gold.

Sins Against Your Eyes

Reading or working without proper glasses or with badly fitted eyes is a sin against your eyes.

Eye Strain
Is certainly a factor in eye trouble during the busy part of the year and reading with a poor light, reading on a moving train or reading while in motion are offenders against the eyes.

Proper fitted glasses will relieve most of the strain, even when the glasses are made by the best optician.

GARMENTS FROM DAVIES WILL LEAD IN THE EASTER PROMENADE

We make this assertion because of the fact that our Spring garment business is nearly three times greater than that of last year. If you could spend an entire day here and see the number of garments sold, note the number of women who buy here after looking elsewhere, you would readily agree with us that Davies garments will be worn by the majority of women in the Easter promenade. If you have failed to see our extensive assortments of correct Spring apparel, come in tomorrow and let us show you WHY the stylishly dressed women prefer to select their apparel here.

LOCAL MEN MUST TAKE THEIR TURN

Effort to Have Newark Men in 37th Division Brought Home Together Fails.

As Newark was not assigned any unit of the 37th division for parade purposes in the city, an effort was made by the Chamber of Commerce to secure the release of the Newark and Licking county men in the division on the same day at Camp Sherman.

It was planned that if this could be done, the men would be brought home on the same train and a fitting welcome given them. A letter from Major General E. F. Glenn, commandant at Camp Sherman states that "under our system of demobilization it will not be practicable, because the various units that come in are separated in their dates of arrival as much as sometimes ten days to two weeks."

SPECIAL SERVICES TO MARK HOLY WEEK

Special services will mark the celebration of Holy Week at St. Francis de Sales church.

CLOTHING STOCKS ARE 25 PCT. BELOW NORMAL

Retail stocks of clothing throughout the country are 25 per cent below normal. This statement was made by Charles W. Ryan, secretary of the National Association of Retail Clothiers, at the joint conference held between representatives of the retailers and the National Association of Clothiers, on Tuesday in Chicago, says the daily News-Record. Mr. Ryan, in making the statement, according to one of the returned manufacturers, said that his information was secured from the replies to a questionnaire which he recently sent to the retailers.

A committee representing the retailers and a committee representing the manufacturers, it is said, will confer shortly in an effort to formulate uniform terms for the clothing trade. The retailers and manufacturers, it was said, are united on the proposition that the terms be standardized, but just what terms will be effective, it is believed, will be decided upon by the committee.

Business, it was unanimously agreed by those present, is better at present than it has ever been before, and there is every reason to believe that business for the coming fall and winter season will be in keeping with present conditions.

Deliveries of fall and winter merchandise, the retailers were informed, will be delayed, due to the shortage of piece goods and late deliveries from the mills.

The manufacturers from the New York market were unanimous in their opinion that the conference demonstrated the value of co-operation, and at the same time showed the spirit of co-operation which exists between the manufacturers and retailers at the present time. They also agreed that future conferences will undoubtedly bring a further development of the spirit of co-operation, and will also have a tendency to raise the general standards of the entire industry.

DOCTORS HAND OUT LIVE TIPS

Take Public Into Confidence

Prominent physicians claim people fall in life because of "nervous hunger" that it is the active, bright-eyed, strong, nervous man or woman who is there at work or play.

Strong, well nourished nerves is the great secret of success, health and happiness.

Men and women try to live regardless of health, strength, ambition, energy and hope, they exceed the speed limits, wanting nerve strength and energy and fail to store up reserve forces, afterwards they only exist, life has no joys.

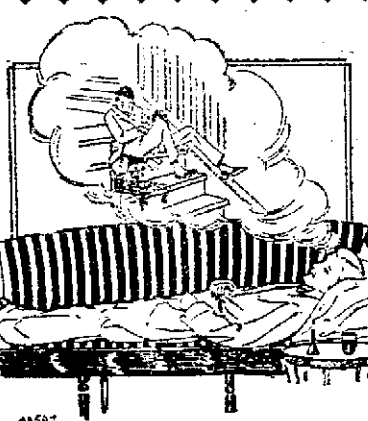

Without energy, ambition, strong nerves, and pure blood one cannot hope to enjoy the fullest measure of success and happiness.

A noted specialist says, "Phosphated Iron brings strength to the blood, nerves and brain, that it is a perfect combination of vital elements of great tonic qualities when taken by Nervous humans, that it will increase body and nerve energy, restore ambition and staying powers."

He also says: "If you are the victim of overwork, worry, excess of mental and physical forces, have the blues, and the pleasures of life are no longer enjoyable, that you need Phosphated Iron to brace, build you up and put you on your feet again."

Special Notice—To insure physicians and their patients getting the genuine Phosphated Iron we put up in capsules only, so do not allow dealers to substitute any pills or tablets.

Why Men of Today Lack Physical Strength and Endurance Which Gave Mighty Power To Athletes of Old

Physician says Iron Deficiency in Blood of American Men and Women is not Only Greatest Cause to Nation's Health, But is Often Responsible for failure in Business, Lack of Will Power and Physical and Mental Decay—Explains

How Organic Iron—Nuxated Iron—Helps Put Renewed Vim and Energy Into the Veins of the Weak, Nervous and Run-Down.

The great power and vigor of the athletes of ancient times was probably due to the rigorous outdoor life they led and the large amount of iron obtained from their coarse foods is the opinion of Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital. Men like Hercules, Sampson and Atlas were all noted as men of blood and iron and Dr. Sullivan believes that if the men of today who are fagged out because of worry, work and other strains could follow the same methods of living as the athletes of olden times they might readily build up their strength and energy by increasing the supply of iron in their blood.

In explaining why he regards iron as absolutely essential to the greatest development of physical and mental power, Dr. Sullivan says: "Modern methods of cooking and the rapid pace at which people of this country live has made an alarming increase in iron deficiency in the blood of American men and women. I have strongly emphasized the great necessity of physicians making blood examinations of their weak, anemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red blood corpuscles without ever realizing the real and true cause of their trouble. Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable and easily fatigued, but it steadily robs him of that 'virile force,' that stamina and strength of will which are so necessary to success and power in every walk of life."

"In my opinion, the men of today who want to be strong, sturdy and successful must either brace themselves with the athletes of old or else supply the iron deficiency in their blood by taking some form of organic iron. Nuxated Iron, I have used Nuxated Iron in my own practice and I know of nothing more effective for building up the system and increasing the red blood corpuscles, thereby enriching and fortifying the blood against the ravages of disease."

Dr. T. Alphonse Wallace, physician of many years' experience and formerly of the British Naval Medical Service, says: "Living in the open, eating coarse food and leading regular lives makes blood rich in strength-giving iron. Iron this equates to health and health is open to thousands of men and women in civil life whose wearing tasks and iron-imperished foods sap their energy and vitality, make them weak, anemic and run-down, and often cause their blood to literally starve for want of iron. Without iron there can be no strong, well-blooded men or healthy, rosy-cheeked women, and unless this strength-giving iron is obtained from the foods we eat it must be supplied in some form that is easily absorbed and assimilated. For this purpose I always recommend organic iron. Nuxated Iron, which I have used with much success, not only builds up the system, but it is also the most effective for building up the system and increasing the red blood corpuscles."

Every man of today who is not strong or well owes it to himself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Nuxated Iron will increase the strength, power and endurance of delicate nervous, run-down people in two weeks' time in many instances.

Manufacturers' Note: Nuxated Iron, which is prescribed and recommended by physicians and which is now being used by over three million people annually, is not a secret remedy, but one which is well known to druggists everywhere. I think the older, more potent products of iron are easily assimilated and does not irritate the stomach. The manufacturers guarantee successful and entirely satisfactory results to every run-down or they will refund your money. It is dispensed in this city by Wm. A. Kruman, Evans' Cut Rate Drug Store, the Mykranitz Pharmacy and other druggists.

LOCAL K. OF P. LODGE IS LARGEST

Number Thirteen Takes First Place Among Ohio Lodges With New Class Initiates Thursday.

Newark lodge Knights of Pythias will celebrate its ascension to first place in Ohio on Thursday evening by conferring the rank of page on what is called the Wormwood 241 class of about 75 candidates—40 being from Newark lodge and others from Roland, Millersport, Grandville, and several Columbus lodges. Invitations have been extended to about 20 lodges within a radius of 50 miles and it is expected that a number will come who have not sent notice. Invitations have been sent to the grand lodge officers and to other prominent members of the order in Newark and vicinity. The grand master of exchequer, George B. Donavin, has sent word that he has organized a large class in Columbus and they will probably be accompanied by a good many knights.

Several weeks ago a committee consisting of Fred A. Hawkins, F. C. Bailey and J. B. Rice was appointed to arrange fitting ceremonies for the occasion when Newark lodge should go "over the top" in lodge membership in Ohio. On January 1, 1919, Newark lodge had much less than one-half of its present membership. Then it started to grow; first gradually, and then as the new members became active and gave strength to the lodge, by big jumps. In four years it has been one of the "bunker four" of Ohio three times, taking first place the last two years.

So much confidence had its officers a year ago in the result of this year's work that they advised Charles J. Deckmann of Cleveland, that as Newark lodge had already received two trophies, they would like a Pythian standard this year to accompany the two American flags. Deckmann advised the representatives that if Newark lodge took first place again he would consider their request. Word has recently been received from him at St. Petersburg, Fla., that he has the request in mind and the Pythian standard will be awarded at the grand lodge in June.

January 1, of this year, the membership stood 712, nine behind the first lodge in Ohio, then on February 27, nine strangers were initiated in the page rank, which made a tie. With the class of Thursday, Newark lodge will have the largest Pythian lodge in the state. It has chosen the nickname, "The Peacocks of Ohio."

In addition to the ritualistic work of the degree, the blue team presents the "Lesson of Friendship," a dramatic version of the story "Damon and Pythias" in which the principals are Morgan B. Davis, as "Damon"; Fred A. Hawkins as "Pythian"; E. L. Schnaidt, as "Dyonisius"; F. C. Bailey, as "Phyllis"; and C. E. Wheeler, as "Procles." This team consisting of about 40 members of the lodge, of whom all are amateurs, who have never appeared in public before, except in this work, and who have had no professional director, have conferred the first degree of Pythianism on more than 400 strangers since its organization a little over a year ago. New characters and uniforms are being added, only recently the guard of "Dyonisius" having been increased to 20 men equipped in blue uniforms, armored with silver. The management of the ritualistic work and the drama is in charge of Master of Work J. B. Lentz.

The lodge will open at 7 o'clock (federal), Thursday evening in order that the drill team may take the floor promptly at 7:45. This will get the work over early and give the committee an opportunity to get in its "stunts" before the older members or the visitors feel that they must leave. A few surprises have been arranged, the least of which is not George's Concealed Dutchman.

"DANDERINE" FOR FALLING HAIR

Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every molecule of dandruff, get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hair and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it. Adv.

Dr. Carter's K. & B. Tea Makes Finest Home-made Laxative Syrup

Easily Prepared—Two Pints Cost Almost Nothing But Is Prompt, Sure and Effective.

Ready-made laxative syrups, for children are costly. By making this at home you not only save practically \$1.50, but you will have a much more prompt and effective preparation.

Simply obtain from any drug store a package of Dr. Carter's K. & B. Tea. Put contents in a bowl. Add 1 1/2 pints of boiling water, cover and allow to stand for 2 hours. Strain, add 1 pound of sugar and stir until dissolved. Flavor either with essence of peppermint or wintergreen according to taste.

Does for adults, 1 tablespoonful each night or night and morning until a regular movement of the bowels is effected. For children, 1 teaspoonful more or less according to age.

For a real springtime tonic and blood purifier, 1 teaspoonful every night or every other night for at least three weeks.

Cut this recipe out and paste it on the bottle.

A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be soft, lustrous, glossy, silky and soft, and look and feel a hundred times better.

300,000 Persons Who Value a Dollar Drive a Maxwell

ONE reason—and the main one—why persons change from one car to another after a year's use is this: the cost is too much to keep it running.

A Maxwell possesses the prized virtue of staying out of the repair shop and running and running and running. This is why:

Raw materials are purchased in large quantities and for cash. Economy No. 1.

There are no engineering knick-knacks in a Maxwell. Economy No. 2.

The road engineer who spends 12 months a year testing Maxwell cars for weaknesses, and who has driven a motorcar further than any living man, finds the "mistakes" before they get into production and are therefore not passed on to you. Economy No. 3.

Maxwell cars are built on the original chassis plan laid down 5 years ago. 300,000 have been built to date. Doing one thing always results in doing it well. Economy No. 4.

All "temperament" is taken out of the car by the engineering department so that it is well high impossible to find a Maxwell with an "uneven disposition". Economy No. 5.

There are 25 others. These fortify you against after-trouble in a Maxwell. That is why you can be doubly sure on a Maxwell if you value highly a thrifty dollar. Most persons do, and 300,000 of them drive Maxwells.

"When I received your generous trial treatment, I was
run-down, almost a wreck, could scarcely get up to do
my work. I had little interest in life, was irritable be-
yond control, but believe me when I say your treatment
gave relief at once, and now I feel like a new woman.
The terrible pains in my soul and the heavy dragging
down feeling are all gone. I honestly believe I was saved
from an operation, and today I am a well woman, can

"Six months ago I wrote for a sample of Mrs. Sumners' Opaline
treatment. I had spent hundreds of dollars seek-
ing health, before I overcame my previous ailments. I was just at the point
of having an operation, as I was in terrible 'shape' from
not having proper care after confinement. I ordered six
boxes of your treatment, and today I am a well woman,
can do my work and enjoy myself. Words cannot ex-

Annette Kellerman.
"Princess Ariella" is what she calls herself, and as she is a very beautiful young woman New York City has become much interested in her adventures. She says she is a fairy princess and she looks the part—but admits human descent. In fact she claims to trace her ancestry almost off the earth, or at least as far back as Sir William Knott, who it seems, was chief of staff to William the Conqueror in 1066.

Combining down the line to points of considerably closer contact, the Princess includes in the circle of her kinship such notables as James Fenimore Cooper, author of "Leather Stocking Tales," and General U. S. Grant, author of the idea of fighting it out "on this line if it takes all summer." The Princess explains that her real name is Beth Vins and that she only became a Princess to help a friend, Miss Annette Kellerman, through the filming of a motion picture. The picture is the Wm. Fox submarine spectacle, "Queen of the Sea," to be shown at the Auditorium today for the last time.

"Sleuths."

Ben Turpin, the comedian with the famous squint, is one of the most popular funmakers in motion pictures. In the new Paramount-Mack Sennett comedy, "Sleuths," which will be shown at the Auditorium theatre today, Mr. Turpin is seen as a detective and it is needless to say that every scene of the comedy is a scream.

In the story, Turpin's business partner is Lynn, while their stenographer is Marie Prevost. When K. O. Crook, a gentleman crook, blows into the detective's office, the trouble begins. Turpin and Lynn decide to "do" the stranger, but they are cleverly done themselves.

This comedy was shown at the Alhambra on Sunday, but owing to the tremendous laughing hit made, Mr. Fenberg held it over to be shown today together with Annette Kellerman at the Auditorium.

"Pretty Baby."

The announcements of the coming of Jimmie Hodges' 1919 version of his latest musical success "Pretty Baby" to the Auditorium theatre tomorrow evening, will be read by the musical comedy fans with the same enjoyment that a fan of the national pastime reads of a big double header for one price of admission. The big musical comedy featuring Howard Myers and Renée La Barr assisted by George Twyman, Edna Jacques, Gertrude Whitman, Joe McAnallen, Norman Coudy and his famous Dixie Chorus have made themselves to the theatre-goers of towns not playing week-stands what the Follies or the Passing Show is to the larger cities.

For the past five seasons, Jimmie Hodges has made an enviable reputation with his "Pretty Baby" company. Each season playing with a brand new show giving just a touch of the famous successes of the past season in many new and novel scenes and electrical novelties.

Seats are now selling and it wouldn't surprise the management if a sell out was recorded, for the advance sale is quite large.

"The Heart of Humanity."

"The Heart of Humanity," to be seen Thursday, Friday and Saturday at the Auditorium theatre, finds on the gray background of the last days of the conflict, a tender and appealing romance of loyal love and unswerving devotion. The whole production, from beginning to end, is fraught with the spirit of those great days when an anxious world hung breathlessly upon word from the seething battle front in Flanders.

Into the midst of these stirring scenes of immeasurable portent, there makes its way the gentle romance of Norette, an American girl reared in the northwood of Canada, and of her Canadian lover, John Patrick. Joined as war is begun, as war progresses they are separated—to meet again where the giant guns thunder their challenge on the fields of France.

There comes the last great Hun attack—the last terrifying drive toward Paris—then Chateau Thierry became another Verdun and the might of America, thrown into the balance, stayed the enemy, halted him and finally drove him back, until his retreat became a rout and he cried aloud for peace. Two screenings in the afternoon, also two in the evening will be given.

Houdini Issues Challenge.
Houdini, the handuff king, who appears as the star of E. A. Rolfe's super serial, "The Master Mystery," which will be shown its eighth episode at the Alhambra theatre tomorrow and Thursday, has announced his willingness to meet any professional pugilist in the prize ring if his opponent will follow his example and donate his services to any war fund.

Though few people know it, Houdini is something of a pugilist himself. Training for his daring and strenuous feats of self-liberation has made him a strong man and he readily became a fighter of considerable skill, as may be gained from his fight scenes in "The Master Mystery."

"Never Say Quit."

Leave your critical faculties at home tomorrow, when you visit the Alhambra to see George Walsh in "Never Say Quit," for it is a foreteller that will please you from the time it starts until the last piece of celluloid is run through the machine.

In this George is the fellow supposed to be perpetually followed by bad luck.

Sennet Comedy—His Winning Way

He was born on Friday, the 13th, and his coming into the world was attended by various ill omens, which make his career a sequence of disappointments. Among many other things he inherits a fortune from his aunt, providing he attends her funeral, and events shape themselves that defeat all his efforts he is unable to be present. There is the usual number of trials and a bunch of thrilling stunts that will make your hair stand. Mr. Fenberg announces to his friends and patrons that if there is a jinx hanging along at your heels, then you better take a tip, see George Walsh in "Never Say Quit" and profit from his experiences.

It is shown today and tomorrow at the Alhambra together with the eighth episode of "The Master Mystery" in which Houdini is the star.

"Hidden Fire."

Maie Marsh's circle of admirers will delight in her latest Goldwyn offering, "Hidden Fire," which comes to the Alhambra theatre Friday and Saturday. The new production brings out many new phases of Miss Marsh's remarkable gifts, for the dual role she essays is a distinct departure from anything "the whim girl of the screen" has yet attempted.

The striking resemblance Peggy Murray, a hotel news-stunt girl, bears to the missing daughter of a woman of wealth leads to Peggy's taking her place in order to restore the health of the grieving mother. The change forces Peggy into a series of complications, the most serious of which is her meeting with the man who betrayed the missing girl and who comes to Peggy to apologize for casting her off.

Bessie Love is an expert horsewoman, and seldom meets with any mishap in the saddle, but the other day she appeared on Vitagraph's Hollywood lot with a bandage about her forehead.

"Why, Bessie, I didn't know you were doing a trench story," was one of the surprised exclamations that greeted her. She was working at the time in "The Enchanted Barn," the Vitagraph Blue Ribbon Feature, which will be seen at the Grand theatre Tuesday and Wednesday.

"I didn't know I was, either," answered Bessie. The trench was a shaken punch and I had to ride a horse bareback. Evidently the horse didn't approve, for he threw his head back and, as I happened to be leaning forward, his head struck me above the eye, and there is a lump that is going to look awful."

GEM.

Another fine Wm. Fox production called "The Forbidden Room" will be shown at the Gem theatre tomorrow. In this picture Gladys Brockwell is the star. "The Forbidden Room" is said to be a powerful story peculiarly well fitted to the emotional talent of Miss Brockwell. It was made at the Wm. Fox studios in Hollywood, California, and is said to demand some thrilling dramatic work. The story is one filled with surprises, and in addition has many touches of that quiet humor for (Continued on Page 10, Col 4)

ONE THIRD OF DEPENDENCY IN CITY IS DUE TO ILLNESS OF WAGE EARNER

Commission On Health Insurance and Old Age Insurance Makes Survey of State, Showing Loss of 17 Millions Yearly Through Sickness.

Columbus, April 15.—Thirty alone can not offset the loss of \$47,250,000 in wages due to sickness, borne yearly by Ohio workers, declares the Ohio Health Insurance and Old Age Pension commission in the section of its report made public today, advocating state health insurance.

Pointing out that the state now bears most of this cost, and industry very little, the commission asserts the bill which would place the full burden on employers should pass this year.

In addition, wage-earners spend about \$4,000,000 a year for medical care and suffer a loss that cannot be estimated in earning power, the commission says.

Contending that the individual should not make the full cost of the care of sickness, the commission says that if employer, employee and state could be made to share in the burden of a health insurance program.

Estimating that 15 per cent of the wage-earners in the state will be established as dependents and become the

minimum below which no human being shall be allowed to work," the report says, nevertheless, no man can carry his own risk of sickness without means of support. "It is a gamble if he does."

"Heretofore, in the absence of any recognition of the divided responsibility, the burden of sickness has lain where it has fallen—upon the individual," says the report.

"The crushing results of this we have seen. Just as the burden of accident costs has been placed by workmen's compensation upon those responsible, so the burden of sickness should be placed upon those responsible—industry, the individual and the community."

Sickness is the cause of "35 to 50 per cent of the poverty which exists," says the commission, adding that a majority of wage-earners do not have a week's salary ahead. From investigation of dependency in Ohio cities, it is found that in Cleveland 51 per cent is due to sickness, Columbus, 25 per cent; with sickness present in 75 per cent of cases; Newark, 60 per cent; Springfield, 50 per cent; Toledo, 35 per cent.

Color in Sound.
Tone color is part of the physical response of the voice to the play of feeling and, being physical, it is correspondingly hard to describe in writing. Every individual, nevertheless, has command of and unconsciously uses a certain form of tone color every day of his life. The ordinary man—he does not need to be a singer—can, by the mere giving out of breath in a variety of sighs, express in color such varied emotions as contemplation, surprise, pleasure, horror, contentment and amusement. Tone color in singing is the vitalization of that breath before adding to it the spoken word. It, when fully acquired, follows the mood as unconsciously as the hand follows the eye or the sigh the thought.

Profanity and War.
A contemporary opens the discussion, "Why do soldiers swear?" The subject is worth some study. Soldiers always have sworn. Jacques in "All the World's a Stage," characterizes the soldier as being "full of strange notions," while our Uncle Toby testified that "Our armies swore terribly in Flanders." Apparently they have been swearing terribly in the same locality and the philosophers are called upon to explain what they mean by it. Is it routine or special performance? Also what is its significance?—Mobile Register.

Bede Cottage Sold.
Bede cottage, the scene of George Eliot's novel and the original home of "Adam Bede," situated on Roston common, Derbyshire, was recently sold by auction for \$2,675. The cottage still has the building attached which formed the workshop of Adam and Sarah Bede.

LEMON JUICE FOR FRECKLES
Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

GOITRE
Removed by External Remedy—Read Mrs. Will's Experience.

Mrs. Louise Will, 228 Gettysburg avenue, Dayton, Ohio, says in her own home paper, the Dayton Daily News: "Sorbol Quadruple removed a goitre of 11 years' standing for me over a year ago and it has never bothered me since. The pressure and throbbing on my throat was relieved in two days. The goitre disappeared in three weeks. I am glad to tell my experience, even by letter." Sorbol Quadruple comes in small bottles, containing enough for most cases. It will not stain or irritate the skin. It dissolves the goitre, leaving the parts in a beautiful normal condition. Requires ten minutes daily.

Get further information at the T. J. Evans drug store, and drug stores everywhere, or write Sorbol Company, Mechanicsburg, Ohio.—(Adv.)

Offer Trails Those Who Neglect Costive Bowels.

Indigestion, Headaches, Bad Blood, Rheumatism, Pimples, Boils, Etc., Are Only a Few.

Try Efficient Sulphur Tablets.
If you or any member of your family, young or old, are bothered with constipation, you can surely get pleasant, lasting relief, while at the same time you can rid the system of a multitude of ailments which may owe their origin to the pent-up poisons in your body. Sulphur Tablets (not sulphur tablets) act beneficially on the stomach, liver, kidneys, bowels and blood, and once you know their cheapness and their value, nothing would induce you to be without them.

Mrs. A. B. Coleman, 1805 Hackberry St., Austin, Tex., writes: "I use your Sulphur Tablets for my whole family and they are just simply fine." Guaranteed satisfactory and sold by all good druggists.—60c.—Adv.

ORIGIN OF MEDICINES.
The agents employed for the treatment of disease are taken from the three kingdoms of nature, the vegetable, animal and mineral. Most medicinal substances are taken from the vegetable kingdom and consist of leaves, flowers, seeds, barks and roots. The old-fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, which owes its success to the vegetable kingdom, has constantly grown in popularity and favor until it is now recognized as the standard remedy for female ills.

HAVE COLOR IN CHEEKS
3c Better Looking—Take Olive Tablets
If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

YOU MEN WHO PAY THE FAMILY SHOE BILLS
Tramping 18 miles a day, Mr. H. M. Foreman, a mail coach of Allentown, Pa., found that shoes with ordinary soles last about one month. But he says a pair of Neolin-soled shoes gave him more than nine months of service, in which time he walked over 4,000 miles.

His experience shows how you may save shoe money by providing your family with Neolin-soled shoes, which give extra wear where other shoes wear out quickest.

It's The Season For Dressing Up the House In It's Spring Dress

AFTER the wear and tear of winter, every house has numerous places that need freshening up. A rug in one place—new curtains in another—while another spot may need a few fresh draperies.

IF IT'S A NEW RUG
Our early spring showing should be of vital concern to every homeowner. It brings to you a complete assortment of sizes from the small rug for doorways, on up to sizes to fit extra large rooms. In all the best wearing rugs woven, including fine Wiltons, Dody Brussels, Axminsters and Tapestry Brussels.

IT WILL PAY YOU TO SEE THE FINE WILTON RUG MARKED SPECIAL \$64.00 EACH
These are fine qualities of Wilton and are shown in all-over effects and medallion centers. If you are thinking of buying a new Wilton rug, and want to save money on it, don't fail to see these splendid rugs before you make your selection.

IF YOUR WINDOWS NEED NEW HANGINGS
You will be delighted when you see how beautiful the new materials are, which you can make up yourself.

FOR THOSE WHO PREFER MADRAS
Are pretty patterns in white and cream grounds. It's a material that's light and airy looking, and launders easily.

COLORED MADRAS FOR OVER-DRAPERY
This comes in such a big range of colors that one can easily select a shade that will harmonize with the other draperies in the room. For over-drapery, door drapery, or for small windows, you'll like the handsome material, which comes in shades of blue, rose, green, grey, tan and brown.

FANCY NETS FOR CURTAINS
Flare and lever nets are shown in white and cream, in pretty designs. If you desire to make your curtains more attractive, you can add a narrow lace edge, which comes in the yard, and at only a small additional cost.

DO YOU KNOW OF THE MANY USES FOR CRETONNE?
Not only is it the ideal window drapery, but it lends itself perfectly to the making of:

- BED COVERINGS
- COMFORTERS
- CANDLE SHADES
- FURNITURE COVERINGS
- WASTE PAPER BASKETS
- WICKER FURNITURE
- PILLOWS
- UTILITY BOXES
- DRESSER SCARFS
- STAND COVERS
- SCREENS
- DOILIES

Imagine how attractive a room would be whose entire decorative scheme was carried out in some individual pattern. There are the rich, dark Oriental shades. Then the dainty, floral patterns have their place and this season unusual designs and colorings are shown in single and double faced cloths.

TO ASSIST YOU IN KEEPING YOUR RUG CLEAN, use a Bissell Carpet Sweeper. They are easy to handle, and you'll be surprised how much they will lighten your sweeping.

CALL FOR ENVOYS

(Continued From Page 1)
indicated that France and Great Britain will receive a major portion of the being estimated that 55 per cent of the total will go to them. Out of the remainder the smaller powers will be given their shares and that there will be some dissatisfaction on their part is expected.

In Hungary where a soviet republic has been in power for several weeks, having been established virtually without bloodshed, the execution of Archduke Joseph of Austria, Dr. Alexander Wekerle, former premier, and Baron Joseph Szekely, minister of commerce, is reported. Confirmation is as yet lacking.

Riotous disorders continue in Germany. In Bavaria there are indications that the government, led by Premier Hofmann, successor to Kurt Eisner, has been gaining ground and that the soviet regime, which threatened to take over complete control, may be ousted.

In Berlin there have been riots and troops have fired on street vendors who are alleged to have been dealing in stolen goods. In the industrial region of Westphalia the strike continues but no further fighting has been reported.

A rather disquieting situation has arisen in India where there have been disorders of a serious nature. Lahore and Amritsar, in the northwestern corner of the peninsula, have been the scenes of riots, while at Ahmedabad mobs have burned government buildings. The situation in Egypt is reported to be in control of the military forces commanded by General Allenby.

WANTS SPEEDY ACTION ON ADRIATIC PUZZLE

Paris, April 15.—A statement by President Wilson in behalf of the council of four says that the questions of peace are so near complete solution that they will be quickly and finally drafted.

This announcement was contained in an official bulletin, which added that the German plenipotentiaries had been invited to meet at Versailles, April 25.

The president's statement that the questions of peace are so near complete solution, will be brought to a speedy agreement. The Adriatic question will be given precedence over other questions.

The settlements belonging especially to the treaty with Germany, the statement says, will thus be got out of the way and at the same time other settlements will be completely formulated.

The text of President Wilson's statement follows:

In view of the fact that the questions which must be settled in the peace with Germany have been brought so near a complete solution that they can now quickly be put through the final process of drafting, those who have been most constantly in conference about them have decided to advise that the German plenipotentiaries be invited to meet the representatives of the associated belligerent nations at Versailles on the 25th of April.

This does not mean that the many other questions connected with the general peace settlement will be interrupted or that their consideration, which has long been under way, will be retarded. On the contrary, it is expected that rapid progress will now be made with these questions, so that they may also present themselves to be ready for final adjustment.

It is hoped that the questions most directly affecting Italy especially the Adriatic questions, can now be brought to a speedy agreement. The Adriatic question will be given for the time precedence over other questions and pressed by continued study to its final stage.

The statements that have been especially in the treaty with Germany will in this way be got out of the way at the same time that all other settlements are being brought to a complete formulation. It is realized that, though this process must be followed, all the questions of the present great settlement are parts of a single whole.
